### Sass with Spillman...

The library recently held a small campaign focusing on *Why the Library Matters to Me* where we asked our library users to take time to fill out postcards to find out exactly *why*.

We received all kinds of truly wonderful responses from small children just learning to form their letters to spunky teens to adults of all ages. As I took time to read these postcards, I found myself tearing up because I instantly became immersed in the lives of the people we have touched in so many special ways. I wanted to share some of my favorites with you below.

Visit us at one of our 6 branches, like us on Facebook, follow us on Twitter, download our MCLS app, email or instant chat with us online at [muskingumlibrary.org](http://muskingumlibrary.org). We'd love to help you find the information you seek or hear why *your* Library matters to you!
