## *New to MCLS:*

**Suzanne Robinson, Circulation Services Coordinator**

I grew up in rural Kentucky, where my mother still tends the most beautiful garden and my father continues to keep busy renovating our old church. I loved being in my hometown library as a child; my librarians held me in their arms when I was just mere days old and witnessed my blooming love of reading as I grew. It's been 12 years since I left my native state and moved to central Ohio. Since moving to Ohio, I earned my degree from The Ohio State University where I was hired for the very first time to work in a library. Once I started, the idea of being a librarian felt natural, and not just because I love to read and love books, but because I love people. Libraries are for people and the Muskingum County Library System drew me here because it is ALL about its people and community. I am so happy to be a part of that commitment to service!
